1 Introduction

In this document there's information about the tests for group F2a. Group members are: Einar Helgi Þrastarson (personal ID number: 110287-2919), Hannes Pétur Eggertsson (240889-2939) and Sigurður Birkir Sigurðsson (120589-2539). Our project is to build an user interface for a fantasy football game.

The presenter on Wednesday, March 11th 2015, will be Sigurður Birkir Sigurðsson.

2 Test fixtures

We created test fixture using JUnit to constantly test our core functionality.

```java
/**
 * This is a doc comment.
 */
package com.ociweb.jnb.lombok;

import java.util.Date;
import lombok.Data;
import lombok.EqualsAndHashCode;
import lombok.NonNull;

@Data
@EqualsAndHashCode(exclude={"address","city","state","zip"})
public class Person {
    enum Gender { Male, Female }

    // another comment

    @NonNull private String firstName;
    @NonNull private String lastName;
    @NonNull private final Gender gender;
    @NonNull private final Date dateOfBirth;

    private String ssn;
    private String address;
    private String city;
    private String state;
    private String zip;
}
```
